

FEATURES

- **Chisel Tip Shape:** Allows for precise soldering and effective heat distribution
- **1.2 mm Tip Width:** Suitable for small to medium soldering tasks, ensuring accuracy
- **0° Tip Angle:** Provides a flat surface for consistent contact with components
- **13 mm Tip Length:** Offers reach and control for intricate soldering jobs
- **Compatible with 0631068 Soldering Station:** Ensures seamless integration and performance
- **ANSI-ESD S20.20:2021 Compliance:** Meets electrostatic discharge safety standards
- **REACH and RoHS Compliant:** Environmentally friendly and safe for use

RS PRO Chisel Soldering Iron Tip, 1.2 mm Width

RS Stock No: 631-083

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

The RS PRO Soldering Iron Tip is designed for precision soldering tasks, providing optimal heat transfer and durability. Ideal for use with the 0631068 Soldering Station, this chisel-shaped tip ensures efficient soldering with a 0° angle and 1.2 mm width, making it perfect for detailed electronic work.

General Specifications

For Use With	0631068 Soldering Station
Product Type	Soldering Iron Tip
Tip Angle	0 °
Tip Series	T60
Tip Shape	Chisel

Approvals

Standards/Approvals	ANSI-ESD S20.20:2021, REACH, RoHS
---------------------	-----------------------------------

Mechanical Specifications

Tip Length	13 mm
Tip Width	1.2 mm
