

## FEATURES

- **2:1 shrink ratio:** Ensures a tight fit over wires and cables, enhancing insulation and protection.
- **Halogen-free:** Reduces the release of toxic gases in case of fire, making it safer for use in confined spaces.
- **Polyolefin material:** Offers excellent resistance to chemicals and abrasion, extending the lifespan of the application.
- **Black colour:** Provides a professional and discreet appearance for various applications.
- **100 m sleeve length:** Suitable for large projects, reducing the need for frequent reordering.
- **Compliance with REACH and RoHS:** Ensures the product meets environmental and safety standards.

## RS PRO 2:1 Black Heat Shrink Tubing, 6.4 mm Diameter

RS Stock No: 671-570

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

This RS PRO heat shrink tubing is designed for insulating and protecting electrical connections. With a 2:1 shrink ratio, it provides a snug fit over cables and wires, ensuring enhanced durability and protection against environmental factors. The tubing is ideal for use in electrical and electronic applications where a reliable insulation solution is required.

## General Specifications

Colour	Black
Flame Retardant	No
Halogen Free	Yes
Product Type	Heat Shrink Tubing
Shrink Ratio	2:1

## Mechanical Specifications

Material	Polyolefin
Shrunk Diameter	3.2 mm
Sleeve Diameter	6.4 mm
Sleeve Length	100 m

## Approvals

Standards/Approvals	REACH, RoHS
