

Features

- Anti Static Brush
- Material: conductive plastic with low static generating synthetic fibre bristles
- Suitable for cleaning PCBs
- Surface resistance: 10^4 Ohms

RS PRO Anti Static Brushes

RS Stock No.: 0218566

RS PRO is the own brand of RS. The RS PRO Seal of Approval is your assurance of professional quality, a guarantee that every part is rigorously tested, inspected, and audited against demanding standards. Making RS PRO the Smart Choice for our customers.

Product Description

Made from conductive plastic, with low static generating synthetic fibre. Minimises static charge and dissipates ESD charges to ground when held by grounded personnel. The vertical shape helps to protect the hand of the operator from scratches to the fingers.

Aids in the removal of oil, greases, solder melts and other residues from PCBs in conjunction with solvents, degreasers and fluxes. Designed to operate in specific sites of the board.

General Specifications

Product Type	Anti Static Brush
Material	Conductive plastic / synthetic fibre bristles
Colour	Black
Shape	EB-WA Style
Length	142mm
Bristle Area	22mm x 10mm x 12mm
Properties	Anti Static
Surface resistance	10 ⁴ Ohms

Approvals

Complies with EN 61340-5-1	Yes
