

DCD150NK-XJ

54V XR FLEXVOLT Diamond Core Drill

5035048807101

Product Description :

The DCD150 is ideal for dry diamond cores up to 100mm with an 54 V XR FLEXVOLT Battery and up to 162mm wet cores when used with the DCPS151 DEWALT POWERSHIFT™ Drill Stand (sold separately). The DEWALT built brushless motor delivers mains performance along with extended tool life and the 3 speed gearbox provides adaptability for common applications. Wireless Tool Control allows for pairing with DCE6820N 18V XR Water Tank and the side handle delivers an integrated water supply. The Anti-Rotation system detects bind-ups and shuts down the tool helping to protect you.

Product Features and Benefits :

- BRUSHLESS MOTOR - offers increased durability with reduced maintenance.
- CORING CAPACITY - power up to 100mm in handheld and 162mm in stand-mounted position.
- COMPACT TOOL - for coring in tight or hard-to-reach spaces.
- LIGHTWEIGHT TOOL - with a weight of 5.5 KG.
- THREE-SPEED OPTIONS - optimizes performance based on bit size.
- SIDE HANDLE - soft rubber grip and adjustable water feed hose.
- WIRELESS TOOL CONNECT - allows direct connection with DCE6820N-XJ 18V Water Tank.
- ANTI-ROTATION CONTROL SYSTEMS - detects a loss of control and reacts by instantly cutting the power.
- VARIABLE SPEED TRIGGER - for ease of use during application and slow start up for precision drilling.

Product Warranty :

1 Year Limited Warranty, 3 Year Limited Warranty
When Registered

Included items :

- 54V XR FLEXVOLT Diamond Core Drill (x1)
- Tool holder adapter (x1)
- Wrench 32mm (x1)
- Wrench 24mm (x1)
- 9.0 Ah 54V XR FLEXVOLT Batteries (x2)
- Multivoltage Charger (x1)
