TEXTURED HAND WIPES Product Data Sheet

Sheet Ref. No. PDS/THW

PRODUCT DESCRIPTION

MYQUIP Textured Hand Wipes are heavy duty hand cleaning wipes with skin cleansers. Abrasive quality wipe one side allows for removal of oils, greases, resins, adhesives, sealants and smooth side to absorb contamination. Hands are clean and dry in one application.

TYPICAL APPLICATIONS

- Removing difficult contaminants, such as adhesive or gasket residue.
- General component or plant cleaning.
- Mobile or remote applications, such as service engineers.
- Hand wiping.

ADVANTAGES

- Optimum dose of cleaner applied to workpiece - no saturation.
- Excellent cutting power - even of tough contaminants.
- Replaces loose chemicals and rags on the shopfloor.
- Convenient, simple and safe to use.

APPLICATION METHODS

- Wipe over surface to remove grease and general grime.
- No need to wipe surface after use.

KEY FEATURES

- Non hazardous to user or environment.
- Wipe absorbs soil.
- Textured material assists cleaning power.

PHYSICAL PROPERTIES [Typical values - liquid]

<i>Density</i>	NA	<i>Auto ignition temperature</i>	NA
