RS PRO IEC C7 to IEC C14 Power cord

RS Stock No.: 0711557, 0711559

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

These IEC C7 to C14 power cords are for use with suitable appliances and are used in computer equipment for interconnecting and powering PCs and peripherals such as monitors and printers. The cable features integrated strain reliefs that provide additional protection and support to the connectors and protects them against damage from bending.

SAFETY NOTES

EARTH NOT CONNECTED

NOT TO BE USED TO CONVERT C7 (FIG OF 8) SOURCE TO IEC DEVICE.
