Approval

DEMKO hereby grants approval of the following equipment:

Product category	:	Appliance outlets for Class I equipment. Standard sheet F
Manufacturer	:	Qualtek Electronics Corp., U.S.A.
Name/trademark (if any)	:	Logo
Model/type ref.	:	742W
Rated current or wattage	:	10 A
Rated voltage	:	250 V AC
Class of insulation	:	-
Additional information	:	Two or four inline
Testing Standard/s	:	EN 60 320-2-2
Approval basis	:	Nordic Certification Service
		DEMKO certificate No. P95104310 of 1995-12-20.

DEMKO has found the equipment to be in conformity with the above mentioned standard/s and it may be provided with the registered approval mark ®.

We draw your attention to the fact that this approval only applies to equipment of exactly the same construction as the approved product type.

If alterations of the equipment are made, including the marking, DEMKO has to be informed about this in writing.

The approval is valid until 2005-12-31.

Costs dealing with this matter will appear from the invoice.

Yours faithfully

Erik Fristrøm, DEMKO
