Nylon loop – DK 7072.230

created: 27.04.2021 build on www.rittal.com/uk-en

Product description

Description:	With the nylon loop, secured cables are easily released, allowing individual cables to be added or removed. Ideal for sensitive data cables (fibre-optic/Cu), as it avoids indentations on the cable sheathing. In addition, the nylon loop may be screw-fastened to the round system punchings or attached using a quick-release fastener.
Colour:	Black
Supply includes:	Quick-release fastener
