

## FEATURES

- **Sintered Bronze Material:** Provides excellent wear resistance and durability.
- **30mm Length:** Suitable for a wide range of applications requiring specific dimensional fit.
- **36.06mm Outside Diameter:** Ensures compatibility with standard housing dimensions.
- **27.98mm Shaft Diameter:** Designed for precise fitting and reduced friction.

## RS PRO 30mm Sintered Bronze Plain Bearing, 36.06mm OD

RS Stock No: 528-020

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price

## Product Description

This RS PRO plain bearing is designed for smooth and efficient operation in various industrial applications. Made from high-quality sintered bronze, it ensures durability and reliable performance. Ideal for use in machinery where low friction and wear resistance are crucial.

## General Specifications

Product Type	Plain Bearing
Shaft Diameter	27.98 mm

## Mechanical Specifications

Length	30 mm
Material	Sintered Bronze
Outside Diameter	36.06 mm
