Technical sheet

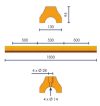

PARKPLACE18BU

Blue parking stop - 1830x130mm - H95mm

Parking stop ideal for securing and marking parking spaces and separating traffic lanes. Its length and color make it highly visible, even indicating a handicapped space from a distance. Made of thermoplastic, it resists grease and acids. Supports temperatures from -40 to +60°C. Concrete or asphalt fixings not included. Available in several colors.

Customs code	3926909090
EAN	3321360022486
