RS PRO IoT Enclosures

RS Stock No.: (0336945)

RS PRO is the own brand of RS. The RS PRO Seal of Approval is your assurance of professional quality, a guarantee that every part is rigorously tested, inspected, and audited against demanding standards. Making RS PRO the Smart Choice for our customers.

Product Description

The RSPRO (0336945) can be used for a variety of applications, including home temperature controllers or access control solutions.

Different plugs can be purchased as separate accessories in 10 pieces packs and available in lightgrey, black and white colours.

The enclosure features two buffers to separate the electronics from the fasteners. This keeps the electronic components safe and the finished product can be securely closed tamper sealed if necessary, with the installation of the device made easy. Enclosure can be attached to a pipe by zip ties using four rectangle holes.
