RS Pro Straight RF Adapter SMA Plug to SMA Plug 18GHz

RS Stock No: **546-3282**

Product Details

RS Pro straight SMA plug to SMA plug RF adapter is suitable for semi-rigid and flexible cables. It is designed to provide high frequency performance at high power ratings in small diameters. It is also suitable for design and development work and where large quantity usage requires repeatability in performance. This adapter operates at a frequency of 18 GHz.

Features and Benefits

- SMA plug to SMA plug RF adapter
- Suitable for semi-rigid and flexible cables
- Designed to provide high frequency performance at high power ratings in small diameters
- Suitable for design and development work and where large quantity usage requires repeatability in performance

Specifications:
