

## PVA Cooling Towel

### + PRODUCTS

### BENEFITS

- Cooling efficiency for up to 5 hours, reducing heat-related fatigue
- UPF 30+ sun protection to help prevent dermatological risks
- Antibacterial treatment to limit odor-related issues
- Lightweight, breathable and easy to use, encouraging regular wear

### DESCRIPTION

Towel designed to provide effective cooling through evaporation, ideal for use in hot weather or during prolonged physical activity.

Made from polyvinyl alcohol, it retains water without feeling heavy and delivers long-lasting freshness. It features UPF 30+ sun protection, helping to reduce dermatological risks associated with sun exposure. Its antibacterial treatment limits the growth of bacteria and unpleasant odors.

Practical and comfortable, it can be worn around the neck thanks to a secure holding slit.

### INDUSTRIES / APPLICATIONS

- Construction (BTP / TP)
- Manufacturing / Metal industry
- Logistics / Transport
- Green spaces & landscaping
- Port activities
- Oil & mining industry
- Security
