

Features

- **Heavy-Duty Protection** – Effectively absorbs and disperses impact forces, safeguarding vehicles and structures.
- **Secure Installation** – 4 bolt-hole design enables firm attachment, preventing displacement over time.
- **Minimal Maintenance** – Built for reliability, reducing replacement frequency and long-term costs.

RS PRO Square Dock Bumper D-Fender 330mm Length x 305mm Width x 100mm Height UHMWPE

Vendor Partcode.: 0688192

RS PRO is our own brand range and brings you a wide range of high-quality, great value products offering you more choice. Trusted by engineers all over the world, every part of every RS PRO product has been rigorously tested against demanding industry standards; they're only given the RS PRO Seal of Approval if we're confident of their exceptional quality, which means you can be confident too.

Product Description IBUTE

RS PRO Square Shaped Dock Bumper is a high-performance protective solution designed for maximum durability and impact resistance. Engineered using Tyrecord Hi-Fibre material, this heavy-duty rubber buffer is built to withstand intense environmental demands and ensure long-term structural protection.

Its unique design features 4 bolt holes, allowing for secure and stable installation across various settings. The non-vulcanised tyre compound, reinforced with nylon or rayon fibres, enhances resilience against heavy impacts, making this dock bumper an ideal choice for commercial, industrial, and marine applications.

This RS PRO dock bumper is a powerful safeguard for marine docks, warehouses, loading bays, and transportation zones, delivering unmatched resilience and durability

Specifications

Material	UHMWPE
Colour	Black
Length	330mm
Width	305mm
Height	100mm
Hardness	78ShA
Density (g/cm³)	1.9
Weight (Kg)	8.5

Approvals

Standards Met	REACH
