

FEATURES

- **100W Output Power:**
Provides sufficient heat for effective desoldering tasks
- **255mm Overall Length:**
Ensures comfortable handling and reach for intricate work
- **230V Voltage Compatibility:** Suitable for use with standard electrical systems
- **ANSI-ESD S20.20:2021 Compliance:** Meets electrostatic discharge safety standards
- **RoHS Approved:**
Environmentally friendly and compliant with hazardous substances regulations

RS PRO 100W Desoldering Tweezers, 255mm Length

RS Stock No: 631-103

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

RS PRO offers high-performance desoldering tweezers designed for precision electronic work. Ideal for removing solder from components on printed circuit boards, these tweezers provide efficient and accurate desoldering, enhancing productivity and reducing rework.

General Specifications

Desoldering Tool Type	Desoldering Tweezers
Product Type	Tweezer

Electrical Specifications

Output Power	100 W
Voltage	230 V

Mechanical Specifications

Overall Length	255 mm
----------------	--------

Approvals

Standards/Approvals	ANSI-ESD S20.20:2021, RoHS
---------------------	----------------------------
