PRODUCT DESCRIPTION

3M™ PELTOR™ Kid Earmuffs, 27 dB, Neon Pink, Headband, H510AK-442-RE

The 3M PELTOR™ Kid range of Passive Ear Muffs are attractive vibrant colour hearing protectors available in headband version only. These products are specially designed for younger wearers, including children, to protect against moderate levels of noise in an everyday situation such as social and leisure activities.

Available in hi-vis neon pink/green, plus brilliant red and blue, they’re designed specifically for smaller heads, yet perform to the same exacting standards as many of our ‘grown-up’ hearing protectors for which 3M PELTOR has become world renown in the industry and beyond.

Product Details

- Comfortable and fun children’s ear defenders suitable for smaller head sizes.
- Consistent level of comfort when worn for long periods.
- Comfortable to wear due to wide sealing rings which are filled with a unique combination of fluid and foam.
- Smooth with no protruding parts to catch on things.
- The average noise reduction you receive by wearing this product is 27dB SNR.
