

STANLEY

STANLEY FATMAX® Cantilever Rolling Workshop

1-94-210

Features:

- Tool box with lift-out tray for smaller tools, which fits neatly into the fold-out lid
- Large adjustable organiser for nails, screws and other small components
- Heavy duty road tested wheels
- Ball bearing slides for smooth opening even with heavy loads
- Opens up easily into a 4 level workstation
- Giant lower bin ideal for bulky materials and equipment such as paint cans, large components and power tools
- Telescopic handle for easy manoeuvrability
- Metal latches for long life
- Can hold up to 40kg

Description:

The STANLEY FATMAX® Cantilever Rolling Workshop with wheels and telescopic handle is a perfect mobile storage solution, constructed from heavy duty plastic for added durability and enhanced longevity. The unit opens into 4 levels, the ball bearing slides enable smooth opening whilst under load. The extra-large storage capacity and lower bin is ideal for storing large bulky materials and equipment. The removable tote tray and swivel carousel within the storage unit can be used for organizing smaller accessories. The toolbox also has an ergonomic soft handle, sturdy metal latches and a padlock eye for added security.
