The RS PRO guide to Hi-Vis Workwear is designed to give you the key information on the RS PRO range to enable you to choose and buy the right hi-vis for your environment. Our hi-vis clothing has been designed to provide quality products that meet the quality standards required and are backed by our Seal of Approval at a price you can afford.

Hi vis clothing is an essential personal protection equipment (PPE) in many industries such as building sites, logistics and distribution, manufacturing and engineering. Hi Vis clothing makes employees more visible due to the fluorescent materials and reflective strips which reduces accidents.

RS PRO HV12 / HV12-0

The RS PRO Hi Vis Vests are a functional and lightweight high visibility safety waistcoat that is an essential part of protective workwear.

The simple vest design is easy to put on or remove by using a hook and loop fastening and is perfect for wearing over jackets or other clothing for increased visibility.

Comfortable and convenient, the hi vis vest has wide reflective bands that highlight the wearer as distinctly as possible, even in low light conditions, whilst the fluorescent coloring allows for excellent visibility in normal light conditions.

Available in yellow or orange.

Certified to EN ISO 20471:2013+A1:2016, EN ISO 13688:2013+A1:2021
