Soldering Tip 8.0 mm asymmetric

Ersa soldering tip with patented ERSADUR coating—designed for demanding industrial applications requiring long-term use. Protection against corrosion and oxidation ensures a long service life for the tip.

For various soldering applications, Ersa offers a wide range of different shapes and sizes of soldering tips.

Thanks to the soldering tip mounting system (3IT1040-00, 3IT1045-00), the soldering tips can be replaced quickly and easily—even when hot—by hand or with tweezers (0N544/SB).
