

## Nobo Impression Pro Tripod Steel Magnetic Whiteboard Easel with Extended Display Arms

Magnetic steel tripod whiteboard easel with a contemporary slim and unobtrusive frame maximises space on the board, with the spacious whiteboard pen tray sitting below the board so not encroaching on the board's surface. The flipchart easel has two extending display arms for when extra pages need to be displayed and the tripod legs are adjustable for height and fully retract for storing or moving. Complete with flipchart pad hooks for use with Nobo flipchart easel pads, the innovative tear away bar makes removing pages simple and easy. Steel magnetic whiteboard surface technology delivers increased erasability, for moderate use.
