

Features

- USB 3.0 (Type A)
- Bus Powered
- Gigabit Ethernet Port
- Wake-on-LAN (WOL)
- Supports Energy Efficient Ethernet

RS PRO 3 Port 3.0 USB Hub

RS Stock No.: 141-1992

RS PRO is the own brand of RS. The RS PRO Seal of Approval is your assurance of professional quality, a guarantee that every part is rigorously tested, inspected, and audited against demanding standards. Making RS PRO the Smart Choice for our customers.

Product Description

A USB hub is capable of charging or connecting up to 3 devices. It supports high-speed power and data transmission and can be used with a Gigabit Ethernet adapter.

The hub works with USB 3.0 specifications and is bus-powered, so doesn't require an additional power source. The hub features wake-on-LAN function and supports Energy Efficient Ethernet for reduced power consumption during low data activity.

FCC (Federal Communications Commission) approved for low radio frequency interference.

General Specifications

USB Standard	USB 3.0
Number of USB Ports	3
USB Connection Type	A
Power Source	Bus Powered (3.3V/500mA)
Network Connection Type	RJ45

Mechanical Specifications

Length	91mm
Width	40.5mm
Height	16mm
Weight	50.8g

Operation Environment Specifications

Operating Temperature	0°C to 40°C
Storage Temperature	-20°C to 70°C

Approvals

Standards Met	CE; FCC
