Re: Discontinuation Notice 750-810x PFC100 Gen 1 products

Product Discontinuation

To whom it may concern:

WAGO products generally enjoy a long lifespan. However, with continuous development of new product versions as well as items helping to supplement and optimize existing product lines, the life cycle of any product is not endless. WAGO will be discontinuing 750-810x PFC100 Generation 1 Controllers.

Background Information on the Discontinuation:

Discontinued engineering software e!Cockpit.

Affected Products/ Variants:

Item Number	Description	Discontinuation Date	End of Sale (EOS)	End of Delivery (EOD)	Alternative
750-8100	Controller PFC100 2ETH ECO	Jan. 5, .2026	Jun. 30, 2026	Dec. 16, 2026	750-8110
750-8101	Controller PFC100 2ETH	Jan. 5, .2026	Jun. 30, 2026	Dec. 16, 2026	750-8111
750-8101/025-000	Controller PFC100 2ETH >T	Jan. 5, .2026	Jun. 30, 2026	Dec. 16, 2026	750-8112/025-000
750-8102	Controller PFC100 2ETH RS	Jan. 5, .2026	Jun. 30, 2026	Dec. 16, 2026	750-8112
750-8102/025-000	Controller PFC100 2ETH RS >T	Jan. 5, .2026	Jun. 30, 2026	Dec. 16, 2026	750-8112/025-000

Alternatives:

The discontinued WAGO items may be replaced by alternative WAGO products which have to be aligned with your profile of requirements regarding functionality, geometry and characteristics. Possible alternative solutions are listed in the "Alternative" column.

End of Sale (EOS) Date:

The "EOS Date" is the latest order date on which you can order the products. Depending on availability, it is the last time we will confirm the delivery of products you have ordered. After the "EOS Date" a new order can no longer be processed.

End of Delivery (EOD) Date:

This date the orders which were received until the "EOS Date" will be delivered.

Please note the deadlines in your documents and contact us if you have any questions.

Regards

WAGO Corporation
