

0053877 "Mirano" Wireless Laser Mouse, red/black

- Compact wireless 6-button mouse with very high scan precision on practically all surfaces
- The laser sensor makes exact control of the cursor possible on almost any surface
- Silent main buttons allow undisturbed and relaxed working without clicking noise
- Practical 4-way scroll wheel for vertical and horizontal scrolling
- Storable USB receiver can be transported inside the mouse to save space
- Separate on/off switch allows for energy-saving use of the mouse
- If the battery voltage is too low, the indicator light begins to flash which means that the batteries should be replaced
- With software for reprogramming the buttons
- The sensitivity can be switched to 800 and 1600 dpi
- Smart-Link technology for easy start-up

System Requirements:

- Operating system: Windows XP/Vista/7/8
- USB port

Note for Consumers:

- The main buttons (left and right mouse button) do not make noise.
