(up to 95MB/s read, 20MB/s write)
- 64GB**
(up to 95MB/s read, 20MB/s write)
- 128GB**
(up to 95MB/s read, 20MB/s write)

Easily expand the memory of your iPhone or iPad

With today's overflow of content—created, captured, and consumed—it's easy to run out of space on your iPhone® or iPad®. Now you don't need to delete your favorite photos and videos to make room for more. The multitasking Lexar® JumpDrive® C20i flash drive makes it easy to offload, add, or back up files, as well as charge your iOS devices on the go. No battery needed and no network required.

Save space by offloading files from your device. With both Lightning® and USB 3.0 connectors, this high-speed, 3-in-1 iOS flash drive makes it easy to move files on the go, so you have extra space to store more of the content you crave.

Play music and videos directly from the drive. JumpDrive C20i not only makes it easy to offload and transfer files, but it also allows you to listen to your favorite songs and watch videos right from the drive.¹

Easily transfer and share files between your iPhone, iPad, and computer. Use JumpDrive C20i to easily swap your playlists, photos, videos, and files between your iPhone and iPad, or to your computer.

Move files at USB 3.0 speeds. Powered by USB 3.0 performance, JumpDrive C20i provides read speeds up to 95MB/s². And for added versatility, it's backwards compatible with USB 2.0 devices.

Convenient cable design. Multitasking goes upscale with the sleek metal finishings of JumpDrive C20i. It also comes with a cable clip to keep it folded for storage. The Lightning connector fits with most iOS cases, and with its ability to offload, back up, and charge your iOS devices, it's a true workhorse for road warriors or anyone on the go.

Automatically and securely sync your photos and video. JumpDrive C20i works with use of a free file management app on the App Store®.³ The app also allows you to back up files when connected. And with capacities from 16GB to 128GB, you can offload lots of content from your devices to create room for even more.

Lexar performance, quality, compatibility, and reliability. All Lexar memory card, card reader, and USB flash drive product designs undergo extensive testing in the Lexar Quality Labs, facilities with more than 1,100 digital devices, to ensure performance, quality, compatibility, and reliability. This provides customers with a high level of confidence when using Lexar products to capture, manage, move, and store the memories that matter.

For more than 15 years, Lexar has been trusted as a leading global brand of memory solutions. Our award-winning lineup includes memory cards, USB flash drives, card readers, and storage drives. With so many options, it's easy to find the right Lexar solution to fit your needs.

Lexar. When Memory Matters.®

¹Files supported: Music—MP3/CAF/ACC/AIF/WAV/AIFF/M4A. Video—AVI/FLV/MP4/MOV/M4V/MKV/MPG/RM/RMVB/WMV
