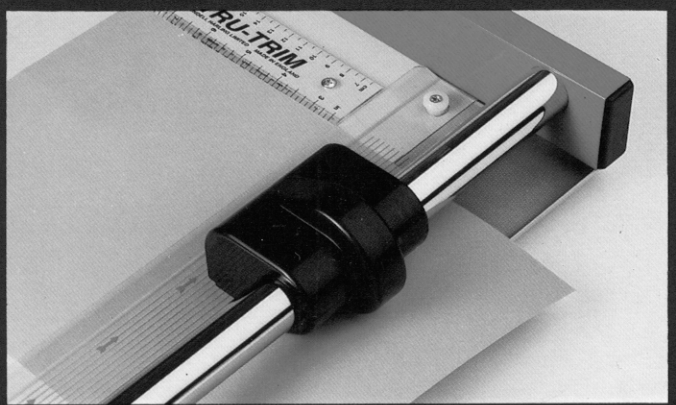
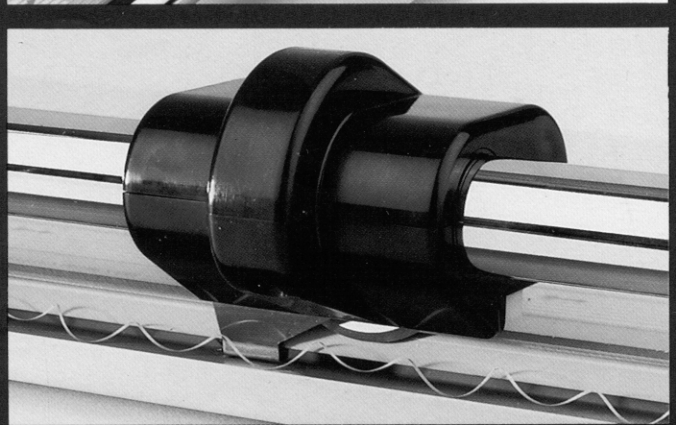
THE *TRU-TRIM* PAPER TRIMMER FOR GENERAL OFFICE, STUDIO AND EDUCATIONAL USE





Developed from our Rolocut range, TRU-TRIM has been specifically designed as a light weight trimmer for general office, studio and educational use. All units in the range are suitable for the precision cutting of film, mounting board and diazo materials, together with general purpose, cartridge and photographic papers.

Features of TRU-TRIM include:

- Cutting wheel in high speed steel, hardened and precision ground. Smooth positive action.
- Precision ground high carbon steel counterblade for long life.
- Cutting head in high strength ABS in two parts for ease of cutting wheel replacement.
- Transparent paper clamp bar enables paper or board to be accurately held while trimming.
- Set edge, graduated in inches and millimetres, ensures a 90° cut.
- Lightweight, rigid baseboard with integral off-cuts tray.

TRU-TRIM Rotary Trimmers have a maximum cutting capacity of 2mm (5/64") with a built-in overload protection device and a uni-directional cut.

Available in an attractive grey and red finish, TRU-TRIM Rotary Trimmers are available in the following sizes:

A4 (12" cut length) **0251.12**
A3 (18" cut length) **0251.18**
A2 (24" cut length) **0251.24**
