- Compatible with most oil and chemicals

RS PRO Spill Pallet with Dispensing Well

RS Stock No.: 0694329

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

Suitable to store 1 x 1000 litre IBC containers only. The integrated well is designed to capture leaks that occur during dispensing and the sump under the platform is designed to capture leaks from the stored containers. Spill pallets are widely used in industrial manufacturing, automotive manufacturing and repair, transport and logistics, oil & gas, marine and pharmaceutical industries.
