

FEATURES

- **Stranded conductor:** Enhances flexibility and durability, making it suitable for installations requiring bending.
- **Bare copper conductor material:** Provides excellent conductivity for efficient signal transmission.
- **Polyvinyl chloride jacket:** Offers robust protection against environmental factors, ensuring longevity.
- **Black jacket colour:** Ideal for discreet installations where visibility needs to be minimised.
- **Compact outside diameter:** Facilitates easy routing and installation in tight spaces.
- **REACH and RoHS compliant:** Meets key environmental and safety standards, ensuring safe use.

RS PRO 1 m Telephone Cable, 6 Core Stranded

RS Stock No: 707-862

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

The RS PRO 1 m Telephone Cable is designed for reliable and efficient communication connections. With its 6 core stranded construction, this cable is ideal for telephone and low-voltage applications, ensuring clear signal transmission and durability.

General Specifications

Conductor Material	Bare Copper
Conductor Type	Stranded
Jacket Colour	Black
Product Type	Telephone Cable

Mechanical Specifications

Cable Length	1 m
Core Strands	7/0.12
Cross Sectional Area	0.079 mm ²
Jacket Material	Polyvinyl Chloride
Number of Cores	6
Outside Diameter	2.4 x 6.8 mm

Approvals

Standards/Approvals	REACH, RoHS
