

Single row tapered roller bearings

Tapered roller bearing, pressed steel cage

Technical drawing of a mechanical component, likely a shaft or pipe, showing dimensions and labels:

- C**: Total length of the component.
- D**: Total outer diameter.
- d**: Inner diameter of the central section.
- T**: Thickness of the end flange.
- r1s**: Fillet radius at the top of the end flange.
- rs**: Fillet radius at the bottom of the end flange.
- B**: Width of the central section.
- a**: Distance from the centerline to the inner edge of the central section.
