

FEATURES

- **Chisel tip shape:** Provides precise control and clean solder joints
- **1.6 mm tip width:** Suitable for a variety of soldering tasks, enhancing versatility
- **10 mm tip length:** Allows for easy access to tight spaces
- **0° tip angle:** Ensures optimal contact with the work surface
- **ANSI-ESD S20.20:2021 compliant:** Meets electrostatic discharge safety standards
- **REACH and RoHS compliant:** Environmentally friendly and safe for use

RS PRO Soldering Iron Tip, Chisel, 1.6 mm Width

RS Stock No: 631-933

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

The RS PRO Soldering Iron Tip is designed for precision soldering tasks, offering a chisel shape that is ideal for creating clean and accurate solder joints. Compatible with the 492-303 Soldering Station, this tip ensures efficient heat transfer and durability, making it a reliable choice for both professional and hobbyist applications.

General Specifications

For Use With	492-303 Soldering Station
Product Type	Soldering Iron Tip
Tip Angle	0 °
Tip Series	T990
Tip Shape	Chisel

Approvals

Standards/Approvals	ANSI-ESD S20.20:2021, REACH, RoHS
---------------------	-----------------------------------

Mechanical Specifications

Tip Length	10 mm
Tip Width	1.6 mm
