

The Stanley retractable knife has a die-cast aluminium housing combines maximum strength with amazing lightweight properties.

Extra-large hand grip and the diamond-shaped textured handle provide a sure-grip whatever the conditions.

Holds up to 15 blades or a dispenser of 10 blades.

Chunky dial allows you to control the width of the knife opening, giving you a sure feel when using extra heavy-duty blades.

Fast blade change.

Spring-loaded swivel opens the knife wide for quick and easy blade change. Plus the magnetic nose holds the blade in place whilst its being changed.

Retractable blade.
