RS PRO Cable Clip Natural Screw 316 Stainless Steel Saddle Clamp, 20mm Max. Bundle

RS Stock No.: 471-1300

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

From RS Pro, these robust and reliable saddle clamps present a dependable cable management solution. With a screw hole for affixing to almost any surface, these versatile saddle clamps can hold pipes and cables in place securely. Once the base is affixed to a horizontal or vertical surface, the clamping element can be screwed down to tightly secure, cables, pipes and hoses with a 20 mm diameter.

General Specifications

Material	316 Stainless Steel
Colour	Natural
Affixing Method	Screw
Cable Clip/Clamp Style	Saddle clamp
Finish	Satin (Top), Electro polished (Base)
Compatible With	Metric Conduit
UV-Resistant	No
Applications	These wall mounting cable and pipe clips are often used in plumbing to secure copper pipes or steel pipes, and can be used in pneumatic applications to secure plastic hosing. The clips present a highly versatile and heavy-duty fixing solution. They are sometimes referred to as distance clamps, or pipe clamps, but the fittings are commonly used for cables.

Mechanical Specifications

Maximum Bundle Diameter	20mm
Clearance	9.5mm
Conduit Ø	20mm
