

## FEATURES

- **20-Padlock Capacity:** Allows for the secure storage and organisation of multiple padlocks, facilitating efficient lockout/tagout processes.
- **Aluminium Composite Panel Construction:** Offers durability and resistance to environmental factors, ensuring long-lasting use.
- **Compact Dimensions (533 mm x 508 mm x 35 mm):** Fits easily into various workspace configurations without occupying excessive space.
- **Dual Colour Design (Black and Yellow):** Enhances visibility and identification, promoting safety and compliance.
- **ISO 9001, ISO 14001, OHSMS 45001, UKAS 0043 Approved:** Meets international standards for quality, environmental management, and occupational health and safety.

## RS PRO 20-Padlock Lockout Station, Aluminium Composite Panel

RS Stock No: 642-801

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

The RS PRO Lockout Station is designed to securely organise and store up to 20 padlocks, ensuring safety and compliance in industrial environments. Constructed from durable aluminium composite panels, it provides a robust solution for managing lockout/tagout procedures, enhancing workplace safety and efficiency.

## General Specifications

Colour	Black, Yellow
Number of Padlocks	20
Product Type	Lockout Station

## Mechanical Specifications

Depth	35 mm
Height	533 mm
Material	Aluminium Composite Panel
Width	508 mm

## Approvals

Standards/Approvals	ISO 9001, ISO 14001, OHSMS 45001, UKAS 0043
