

FEATURES

- **2:1 Shrink Ratio:** Allows the tubing to shrink to half its original size, ensuring a tight fit over wires and components.
- **Clear Material:** Provides visibility of underlying components for easy inspection and identification.
- **Halogen-Free:** Reduces the release of toxic gases in case of fire, enhancing safety.
- **Polyolefin Material:** Offers excellent electrical insulation and mechanical protection.
- **6.4 mm Shrunk Diameter:** Ensures a precise fit for a variety of applications.
- **10 m Sleeve Length:** Provides ample material for multiple uses or longer applications.

RS PRO 2:1 Clear Heat Shrink Tubing, 12.7 mm Diameter

RS Stock No: 671-557

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

RS PRO offers a versatile heat shrink tubing solution designed to provide reliable insulation and protection for electrical components. This clear tubing is ideal for applications requiring visibility of underlying components while ensuring a secure fit. The primary benefit is its ability to shrink to half its original diameter, providing a snug and protective covering.

General Specifications

Colour	Clear
Flame Retardant	No
Halogen Free	Yes
Product Type	Heat Shrink Tubing
Shrink Ratio	2:1

Mechanical Specifications

Material	Polyolefin
Shrunk Diameter	6.4 mm
Sleeve Diameter	12.7 mm
Sleeve Length	10 m

Approvals

Standards/Approvals	REACH, RoHS
