

C3550 EQ Bluetooth® OverEar Headset

Today's professionals often work in noisy environments, from open offices to home workspaces, making it difficult to stay focused and communicate clearly. The C3550 EQ Bluetooth® Over-Ear Headset addresses these challenges with hybrid Active Noise-Cancellation (ANC) to reduce ambient distractions, while still allowing critical ambient sounds such as fire alarms to be heard for health and safety awareness. An Environmental Noise-Cancelling (ENC) microphone helps isolate your voice from background noise for clear, consistent call quality. Multi-device Bluetooth® connectivity and intuitive onboard controls streamline your workflow, while the cushioned over-ear design delivers lasting comfort. With all-day battery life and convenient USB-C® charging, the C3550 EQ keeps you productive and focused.

Attributes

- Hybrid Active Noise-Cancellation (ANC) blocks distractions and Environmental Noise-Cancelling (ENC) microphone boosts call clarity.
- Connects up to 8 devices (2 active at once)
- Built-in volume and call controls*. * Call controls work with native mobile cellular calls only and are not supported for UC or VoIP applications (such as Microsoft Teams, Zoom or Webex).
- Convenient flip-to-mute boom mic.
