

FEATURES

- **Sintered Bronze Material:** Provides excellent wear resistance and self-lubricating properties, reducing maintenance needs.
- **14 mm Length:** Compact design suitable for tight spaces, enhancing versatility in application.
- **18.04 mm Outer Diameter:** Ensures compatibility with a wide range of housings, facilitating easy integration.
- **13.98 mm Shaft Diameter:** Precisely engineered for optimal fit and performance, ensuring smooth operation.

RS PRO 14 mm Sintered Bronze Plain Bearing, 18.04 mm Outer Diameter

RS Stock No: 528-305

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

RS PRO offers a high-quality sintered bronze plain bearing designed for smooth and efficient operation in various mechanical applications. This plain bearing is ideal for reducing friction between moving parts, ensuring longevity and reliability in demanding environments.

General Specifications

Product Type	Plain Bearing
Shaft Diameter	13.98 mm

Mechanical Specifications

Length	14 mm
Material	Sintered Bronze
Outside Diameter	18.04 mm
