RS Pro, 5kVA Isolation Transformer, 400V

Product Details

RS Pro Safety Isolating Transformers 5.0kVA 400V ac-110v ac

RS Pro 5.0 kVA continuously rated transformer, single phase, 400 V ac input -110 V ac output. These safety site transformers are high quality, UK manufactured to BSEN 61588 and fully compliant with reduced low voltage regulations. These Transformers are designed to ensure safe electrical distribution of 110 V circuits for power tools in industrial fixed installations. Heavy-Duty IP22 Floor-mounted steel case.

Wall Mounting and Floor Standing

ENGLISH

Specifications

Primary Voltage Rating	400V
Secondary Voltage Rating	110 (55-0-55)V
Power Rating	5kVA
Length	460mm
Width	310mm
Depth	325mm
Dimensions	460 x 310 x 325mm
Mounting Type	Floor Mount
