Folding PVC pole/empty base to be weighted Ht950-Ø50mm Azul/White

Our premium marker post is designed to help you clearly define an area, whether it's for a temporary or permanent purpose. The post is foldable and comes in a kit, which makes it space-saving for storage. You can add water or sand to the base for stability. It's constructed from ABS and polypropylene for durability. The post features two rings, one with holes and the other with hooks, allowing you to attach chains in four different directions. It also has a threaded top for affixing information panels. You can choose from a variety of colours to suit your preferences. Please note that chains and information panels are sold separately.

Customs code	39269099
EAN	3321360050151

Color : Bleu/Blanc/Noir

Material : ABS

Secondary material : Polypropylene

Specifications :
