

## FEATURES

- **2:1 Shrink Ratio:** Ensures a tight fit over components, enhancing insulation and protection.
- **Halogen-Free:** Reduces toxic emissions in case of fire, making it safer for use in confined spaces.
- **Polyolefin Material:** Offers excellent resistance to chemicals and abrasion, extending the lifespan of the application.
- **Available in Green and Yellow:** Provides colour-coding options for easy identification and organisation.
- **REACH and RoHS Compliant:** Meets stringent environmental and safety standards, ensuring suitability for a wide range of applications.

## RS PRO 2:1 Heat Shrink Tubing, Polyolefin Material

RS Stock No: 671-559

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

RS PRO offers a versatile heat shrink tubing solution designed to provide reliable insulation and protection for electrical connections. With a 2:1 shrink ratio, this tubing is ideal for bundling wires, protecting against abrasion, and ensuring a secure fit over irregular shapes. Made from halogen-free polyolefin, it is suitable for use in environments where safety and compliance are paramount.

## General Specifications

Colour	Green, Yellow
Flame Retardant	No
Halogen Free	Yes
Product Type	Heat Shrink Tubing
Shrink Ratio	2:1

## Mechanical Specifications

Material	Polyolefin
Shrunk Diameter	1.2 mm
Sleeve Diameter	2.4 mm
Sleeve Length	1 m

## Approvals

Standards/Approvals	REACH, RoHS
