

Features

- Designed from the bottom up as an integrated security system.
- Wires crimped with RS PRO cylindrical ferrule 6 mm, using RS PRO security crimping and cutting plier, withstand a minimum 400 N tensile load.
- Multi-strand, steel wire for strength, zinc-coated for corrosion resistance.
- Pre-cut to length for added convenience.

RS PRO Security Sealing Wire 200 mm (QTY 100)

RS Stock No.: 0606315

RS PRO is the own brand of RS. The RS PRO Seal of Approval is your assurance of professional quality, a guarantee that every part is rigorously tested, inspected, and audited against demanding standards. Making RS PRO the Smart Choice for our customers.

Product Description

RS PRO Security Sealing Wire

A proven security sealing system. developed for a wide range of security sealing applications. Ensures a high-security, tamper-proof seal when used with the RS PRO Security Crimping and Cutting Plier (***-****) and RS PRO Cylindrical Ferrule 6 mm (***-****). Crimped seal withstands a minimum tensile load of 400 N.

Benefits

- Integrated security system (ferrules, wires and sealing tool) ensures security of seal.
- Wire can be secured with ferrule in one-handed operation with RS PRO Security Crimping and Cutting Plier (***-****)
- RS PRO Crimping Tool design minimises operator error, eliminating poorly crimped ferrules.

Applications

Designed for use in any security sealing application. Ideal for crimp sealing:

- Industrial valves.
- Drums and Totes.
- Trailers and cargo containers.
- Caravan park, taxi, telephone meters and more.

General Specifications

Type	Catenary; wire rope
Material	Multi-strand zinc-coated steel wire
Number of Strands	7
Coating	Zinc coated
Package	Packet
Weight	0.9 g (each)

Mechanical Specifications

Length	200 mm
Diameter	0.9 mm

Approvals

Declarations	REACH DoC
