Product Description

RS PRO Toolbox – 800mm Built for strength, security, and everyday practicality, the 800mm Toolbox is part of our latest range of heavy-duty storage solutions for commercial vehicles. Engineered to withstand demanding working environments, it provides reliable protection for tools, equipment, and essential supplies while ensuring quick and convenient access on the job.

Manufactured with durability in mind, this toolbox features an ergonomic easy-grip handle for comfortable operation and is designed to be water resistant, helping to protect contents from the elements. The lockable design provides added security for valuable equipment

UTAC approved for side guard use, the 800mm Toolbox is a dependable storage solution that meets the needs of commercial vehicle operators who require durability, security, and performance.

Combining robust construction with practical features, the 800mm Toolbox offers a secure and reliable storage solution for commercial vehicles, helping to keep tools and equipment organised, protected, and ready for use in even the toughest working environments.
