

SPRING CLAMPS

For flexible, featherlight clamping

BESSEY's spring clamps are small... but rather special. That's because they lie perfectly in the hand, guaranteeing ease of handling. Even with large opening widths, powerful, constant onehanded clamping is always possible. And the infinitely variable adjustment and protective caps mean that even the most delicate workpieces receive effective protection. After all, size isn't everything

- **Lightweight, functional and easy to handle**
- **Extremely sturdy**
- **XC1-SET - On carded hang pack**
