The appearance of a company's name or product in this database does not in itself assure that products so identified have been manufactured under UL's Follow-Up Service. Only those products bearing the UL Mark should be considered to be Listed and covered under UL's Follow-Up Service. Always look for the Mark on the product.

NKCR8.GuideInfo **Auxiliary Devices Certified For Canada - Component**

[Industrial Control Equipment Certified For Canada](Motor Controllers Certified For Canada) Auxiliary Devices Certified For Canada - Component

Guide Information

The devices covered under this category are incomplete in certain constructional features or restricted in performance capabilities and are intended for use as components of complete equipment submitted for investigation rather than for direct separate installation in the field. THE FINAL ACCEPTANCE OF THE COMPONENT IS DEPENDENT UPON ITS INSTALLATION AND USE IN COMPLETE EQUIPMENT SUBMITTED TO UNDERWRITERS LABORATORIES INC.

GENERAL

This category covers the following component devices: magnetically operated control switches, thermal and magnetic overload relays, time delay relays, push-button stations including selector switches and pilot lights, and machine-operated switches.

Devices covered under this category are for use in control circuits of magnetic motor controllers and the like.

REQUIREMENTS

The basic standard used to investigate products in this category is CAN/CSA C22.2 No. 14-M95, "Industrial Control Equipment."

UL MARKING

Components Recognized under UL's Component Program are identified by markings consisting of the manufacturer's identification and catalog, model or other product designation. In addition, components which are produced under the UL Component Recognition Program will also bear the Recognized Component Mark for Canada .

The Listing or Classification Mark of Underwriters Laboratories Inc. is not authorized for use on, or in connection with, Recognized Components. Only those components which actually bear the "Marking" should be considered as being covered under the Component Recognition Program.
