

Features

- Flexible
- Easy installation
- Excellent control of cables
- Maximum operating temperature 200°C

RS PRO REFLECTOTHERM

RS Stock No.: 0758107

RS PRO is the own brand of RS. The RS PRO Seal of Approval is your assurance of professional quality, a guarantee that every part is rigorously tested, inspected, and audited against demanding standards. Making RS PRO the Smart Choice for our customers.

Product Description

RS PRO Reflectotherm is a flexible stitched sleeve consisting of an aluminium foil laminated to a woven fibre glass fabric. RS PRO Reflectotherm can be applied as a wrap or sleeve for the protection of heat sensitive components from both radiant and conductive heat sources. Typical applications for RS PRO Reflectotherm include use in the automotive industry for the protection of wire harnesses, hydraulic lines and fuel lines, etc. Which are in close proximity to high temperature sources.

General Specifications

Material	Flexible stitched sleeve consisting of an aluminium foil laminated to a woven fibre glass fabric		
Colour	SLIVER		
Thickness	Unit: mm	Typical Values: 0,22 ± 02	Test Method: **ITM
Total Substance	Unit: g/m ² **ITM	Typical Values: 297 ± 16	Test Method: 297 ± 16
Heat Ageing (1 hour at 150 °C)	No delamination or Shrinkage		**ITM
Shell Life (minimum @ 20 °C) *	24 Months		
Applications	- Engine wire harnesses - Hoses and tubing - A/C line - Hydraulic and fuel lines
