### Your advantages

- The EML-LPR-D labels feature a protective laminate that is adhered to the entire printing surface after the label has been attached. The printed information is protected from external influences such as daily system cleaning with aggressive cleaning agents.
- With an integrated metal foil, the label is detectable and can be recognized via a detection device
- Thanks to its excellent adhesive strength, this label can be attached to rough, textured, and low-energy surfaces
- High-quality printing is achieved in combination with the THERMOMARK-RIBBON 110 ink ribbon
