Description of Change: Extension of the production capacity for SMM0204 and SMM0207 MELF resistors:

In addition to the existing SMM0204 and SMM0207 production flows within the factory in Selb / Germany, the MELF factory in Heide / Germany has been enabled to manufacture SMM0204 and SMM0207.

There will be no change in product specification: the existing datasheets for SMM0204 and SMM0207 remain valid also for the production flow in Heide.

With this PCN, SMM0204 and SMM0207 can feature the existing lacquer color without any extra color ring for the applicable TCR; or feature transparent lacquer plus an extra color ring for the applicable TCR.

Irrespective of above extension, we notify that the „resistance to soldering heat“ in both datasheets will now be specified in accordance with the test condition stated in revision E of AEC-Q200.

Reason for Change: To be prepared for rising customer demands for the next industrial upturn, to increase flexibility, to improve lead times, additional production capacity will be installed for SMM0204 and SMM0207.

Expected Influence on Quality/Reliability/Performance: no influence on form / fit / function

Part Numbers/Series/Families Affected: Please see materials list on the succeeding page.

Vishay Brand(S): Vishay Draloric

Time Schedule:

Start Shipment Date: Monday February 9, 2026

Sample Availability: upon request

Product Identification: by serial number

Qualification Data: upon request

This PCN is considered approved, without further notification, unless we receive specific customer concerns before Friday January 9, 2026 or as specified by contract.
