

FEATURES

- **Synthetic Rubber Adhesive:** Provides strong adhesion to steel and other surfaces, ensuring secure placement.
- **Paper Backing:** Allows for easy tearing and application, enhancing user convenience.
- **Yellow Colour:** Offers high visibility, making it easy to identify and remove.
- **18mm Width:** Suitable for detailed masking tasks, providing precision in application.
- **50m Length:** Ensures ample supply for extended use, reducing the need for frequent replacements.
- **0.09mm Thickness:** Balances flexibility and strength, ensuring durability without compromising on ease of use.

RS PRO Synthetic Rubber Masking Tape, 18mm Yellow

RS Stock No: 677-028

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This RS PRO masking tape is designed for precision masking tasks in various industrial applications. With its synthetic rubber adhesive, it provides reliable adhesion to surfaces, ensuring clean lines and easy removal without residue. Ideal for painting, surface protection, and general masking tasks, this tape offers excellent performance and durability.

General Specifications
