Square Pushbutton Switches, BXR Series

Economical momentary, non-illuminated switches feature "Adjusto-Clip" snap-lock mounting and selection of switching. Bezel trims mounting and enclosed construction protects against dust, dirt, and physical damage. Color pushbuttons have concave face for positive "feel".

MOUNTING

Front mount in .620 inch (15.75 mm) minimum square hole. Solder lug/quick-connect terminals accept AMP FASTONÂ® 110 terminals. "Adjusto-Clip" permits mounting in panels from .047 inch (1.19 mm) to .281 inch (7.14 mm) thick.

Â® FASTON is a registered trademark of AMP INC.

SPECIFICATIONS

Housing: Molded plastic, charcoal gray only.

Pushbutton: Molded plastic; red, black and white standard.

"Adjusto-Clip" Mounting Frame: Copper alloy, plated.

Contact Springs: Copper alloy, plated.
