

FEATURES

- **Sintered Bronze Material:** Provides high strength and excellent wear resistance, ensuring long service life.
- **3/4 in Length:** Suitable for a variety of applications, offering flexibility in design.
- **1 in Outside Diameter:** Ensures compatibility with standard housings and components.
- **0.74 in Shaft Diameter:** Designed for precise fit and optimal performance.
- **Plain Bearing Design:** Offers low friction and smooth operation, reducing maintenance needs.

RS PRO 3/4 in Sintered Bronze Plain Bearing, 1 in OD

RS Stock No: 558-513

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This RS PRO plain bearing is designed for smooth and efficient operation in various mechanical systems. Made from sintered bronze, it offers excellent durability and resistance to wear, making it ideal for applications requiring reliable performance and longevity. The bearing's compact size and robust construction ensure it can handle demanding environments with ease.

General Specifications

Product Type	Plain Bearing
Shaft Diameter	0.74 in

Mechanical Specifications

Length	3/4 in
Material	Sintered Bronze
Outside Diameter	1 in
