## RS PRO Invertible Air Duster, 250 ml, Flammable

RS Stock No.: 134-5565

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

### Product Description

The RS PRO 250ml air duster created for the safe removal of dust and airborne contamination from very delicate or inaccessible areas of electrical and electronic equipment. This product works well for intricate equipment or items that are difficult to move for cleaning or maintenance. Use this product in a vertical position or at an angle of no greater than 60° to avoid freezing.
