Treston PowerX Move workstation (for power station

Treston PowerX Move is a versatile mobile, electric height-adjustable workstation. When combined with the Power Station TPXPS, it enables users to perform tasks flexibly anywhere within the facility. The power station provides reliable power for computers, barcode scanners, and other essential equipment, eliminating the need to be near a fixed power outlet. The workstation is designed to enhance productivity in laboratories and manufacturing environments. The PowerX Power Station (TPXPS) is ordered separately.
